**ADDENDUM #1 – October 12, 2023**

---

**TO: ALL RESPONSIVE HOLDERS OF THE RFP**

Acknowledge receipt of this addendum by inserting its number and date in the response to the RFP. Failure to do so may subject proposer to disqualification. This addendum forms a part of the response to the RFP. It modifies it as follows:

The addendum modifies the following:

**PROJECT DESCRIPTION**

Change to read:

Item #2 (c) Factory wired and tested remote electrical components enclosures can be located 10 foot up on light pole or at the top of pole with fixtures.

Item #3: Furnish and install a new 480-volt 3 phase, 200-Amp NEMA 3R Electrical service panel located within 10 feet of the existing utility transformer. Contractor shall verify existing electrical requirements and compatibility.

Add to read:

New: Item #7: Provide pricing for both boring and trenching for underground wiring.

Item #8: All underground wiring shall be located in the non-playing area.

**END OF ADDENDUM**
